

Club Safeguarding

Code of Conduct Safeguarding is an important issue for all our club members. The club has a range of safeguarding policies, protocols and mechanisms in place to protect all club members from harm. This may include for example, any form of harassment, bullying, coercion, discrimination.

The Club has Welfare Officers who are responsible, with the Club Chairman, in overseeing that all safeguarding issues are handled and managed appropriately in line with Welsh Athletic guidance. A list of Welfare Officer can be found on the Club's website (porthcawlrunners.com)

Safeguarding is a responsibility of all club members, to ensure that everyone one is safe in an inclusive environment. Any member can report any safeguarding concerns or issues to any of the Welfare Officers or Club Chairman at any time.

All safeguarding reports will be taken seriously, and managed in line with club rules and policies, in a discreet and confidential manner. Our aim is to keep everyone safe – and enjoy running in an inclusive and friendly environment.
